Earnings of the Farm.

Since the State Fair was permanent-
ly located in Lincoln, the state board
of agriculture has paid out in earnings
in the way of permanent improvements
approximately \$170,000. The property
thus acquired now belongs to the
people without one cent of expense to

the tax payers. During the year 1913
the state board of agriculture has paid
for the following improvements out of
the earnings:

Placing walls about machinery hall.
Building the west bleachers.
Laying stone walks.

Excavating and filling draw on the
new east tract and fencing said tract.

Paving Seventeenth street north of
Burlington track.

Sewers on Baker avenue and through

Ten car loads of cinders for surfa-
cing.

HIGH SCHOOL NOTES

Measures Whaley and Harvey and
Miss Gladys Orr were recent visitors.

The seventh grade is putting much
interest into their study of The Court-
ship of Miles Standish.

Beginning Monday solid sessions
were inaugurated in all the grades and
we think the same will mean an im-
provement in the work.

The foot ball game with Newcastle,
scheduled for Friday was postponed
on account of snow and cold
weather. We have a return game
with Ponca scheduled for Thanksgiving
and will probably play one or two
games before that time.

The work in "Thompson's Mini-
mum Essentials," is being introduced
this week and we are confident that
the result will more than justify the
expense. The A. N. Palmer system of
writing will probably be introduced
